2. Assessment

The assessment approaches are designed and mapped against the relevant accredited curriculum framework. This is to ensure that assessments are linked to, and accurately measure, student knowledge, understanding and skills as outlined in the relevant learning areas, study designs or curriculum designs.

Teachers are required to assess and monitor student growth, learning progress and achievement against the achievement standards in the curriculum framework and within the learning and teaching program.

Expectations of schools	Schools are supported by
<p>Assessment</p> <ul style="list-style-type: none"> Assessment and recording practices play an important role in the development of the learning culture within a MACS school. Assessment is a means for leaders, teachers and students to engage with parents to identify student learning progress and opportunities for further growth and development. Across every MACS school, there is a goal for equity and excellence across the spiritual, physical, cognitive, social and emotional domains for each student. This multi-dimensional approach to assessment of learning respects the sacred dignity of the learner and engenders a sense of being valued and understood. 	<ul style="list-style-type: none"> Victorian Curriculum F–10 (or other accredited and approved curriculum framework) VCE and/ or VCE VM Study Designs and/ or VPC Curriculum Designs or IB Curriculum Designs (as relevant) Standardised testing including NAPLAN School-based testing
